NOTTINGHAM FOREST

Vol. I

A Community Association Newsletter for all Owners and Residents of Nottingham Forest Townhome Condominiums

ISSUE 1

- **WINTER BEGINS ~ Wednesday, December 21, 2011. Remember to winterize your home — and think about changing smoke alarm batteries before the holiday season arrives!**

Nottingham Forest Launches Website!

During the early spring of 2011, the board of directors of Nottingham Forest agreed to launch a Web site provided by UNLP ~ Universal 'Website Services'.

Yes, we have a new, eye-catching, user-friendly and easy-to-navigate website! There is no restrictive log-in required to access the site. The web address (URL) is: <http://nottinghamforesthwa.org>.

Our new website has been under construction during the year while the Association determined site content, links, and related information important to the Owners and Residents of Nottingham Forest.

Within our new website you will find many exciting features including beautiful photos of the community, association documents and important forms.

In addition, there is an informative Home page, location maps, a Contact

page for management, Resident User-forms (for messaging 24/7), a Newsletter page and a Facilities page listing the amenities of Nottingham Forest.

Also, you can list personal stuff for sale in the Nottingham Forest Classifieds. A unique and exclusive feature to Nottingham Forest.

Additionally, various links are displayed to local news, government agencies, schools, weather and real estate listings plus much more.

And, we have a Calendar page and Activities page to list various community functions, information, and committees.

Let us know what you think!

Did you know the community newsletter can be viewed online in full color at any time 24/7! Just visit the Newsletter page and click on the newsletter image to open the PDF e-file. It's that simple!

Be sure to look at the Announcements page which can be accessed from the Home page. Current and timely information such as meeting dates may be displayed and updated from time-to-time.

We hope you like our new eye-catching website, visit it often, and enjoy the use of this new and exciting online medium of communication.

Please make note of the Nottingham Forest website address:
